evianSPA continues its development in Middle East

It is in Doha city, at the highest floors of the luxury Bentley tower that the new evian®SPA facilities will open its doors.

Following its successful development in Asia, evian®SPA is moving to Middle East, offering its global wellness concept to the local market and international travelers.

Khalid Bin Mahmoud Group has announced the establishment of an extensive evian®SPA at its 431 bespoke upscale apartments, The Bentley Luxury hotel and suites property in West Bay, Doha, Qatar. The Spa is a 1,800sqm spacious wellness facility, designed to indulge in tranquility on a path to Bentley island's journey through rejuvenating health, profound purity, and everlasting youth.

Aligned with the DNA of the world leader in natural mineral water, the women only evian®SPA offers a large focus on the water-based experiences and premium hydration, along with evian®SPA's unique range of body and facial treatments.

Within the 1,800 sqm of wellness facilities, the spa features five treatment rooms, an aqua-space including steam room, salt room, snow room, affusion shower, a Kneipp foot massage area, spa and hydro pools with jacuzzi offering a unique view on the bay, a sauna, and a relaxation lounge to deliver the ultimate spa experience.

The wellness area also includes a fitness center equipped with the last technologies, and an iconic rooftop pool with its refreshing bar.

“ evian®SPA Doha is a new step in our goal to partner with a few iconic locations worldwide, where we can have the guests discover the story of our precious natural mineral water through evian®SPA unique wellness concept. ”

About evian®

evian® natural mineral water comes from the heart of the French Alps, a unique geological site in the world. For more than 15 years, it travels through the rocks, where it is enriched with essential minerals. The brand has been working for over 25 years to preserve natural surroundings of the source, in an effort to preserve evian® natural mineral water's exceptional quality for generations to come. Naturally pure and uniquely balanced, evian® natural mineral water is a healthy choice throughout the day.
